- Helped students interpret analytical results and translate findings into business insights

Qingdao Beverage Group Co., LTD

E-commerce Operations Specialist

Qingdao, China

2020 - 2024

- Analyzed market trends and sales performance across Alibaba's Tmall and JD.com to optimize channel strategy and drive sustained revenue growth
- Collaborated with cross-functional teams to launch new channel expansion initiatives in TikTok e-commerce and community group buying, resulting in over 100% growth in total online revenue
- Conducted market and customer analysis to identify product gaps and launched 4 online-exclusive SKUs, with new products contributing 25% of total sales within the first year
- Leveraged historical sales data to support demand forecasting and optimize inventory decisions, enhancing operational efficiency and product availability
- Managed channel-level sales and expense budgets, conducted ROI and profitability analysis to improve cost efficiency and strengthen margin performance

Shanghai Mocan Network Technology Co., LTD

Global online retailer of bridal, formalwear, and fashion apparel

Shanghai, China

2017 - 2019

E-commerce Operations Specialist

- Leveraged Google Analytics to analyze website traffic, user behavior, and conversion funnel performance, identifying optimization opportunities to improve overall conversion rates
- Conducted market trend analysis using Google Trends and performed competitive benchmarking on pricing, promotions, and website functionality to inform strategic positioning and growth initiatives
- Developed Excel-based KPI dashboards (pivot tables) to evaluate category-level sales performance and support data-driven advertising and merchandising decisions
- Managed multi-channel marketing campaigns, optimizing paid advertising (Facebook, ROI >3) and influencer partnerships (Instagram & YouTube, ROI >2), generating 300K+ conversions and driving revenue growth
- Performed user segmentation and lifecycle analysis to optimize email marketing targeting and customer journey design, reducing acquisition costs and driving 3× YoY growth in email revenue with a 12% increase in AOV
- Recognized as Outstanding Employee (Q3 2018, Q2 2019) and Annual Outstanding Employee (2018) for strong revenue and performance contributions
